Methodist Church Planning Fund-Raising Crusade Here

Albany Methodist Church is planning a church fund-raising crusade, to be held from Feb. 20, through March 7, it was announced today by Marjorie B. Keck, public relations chairman of the crusade.

Rev. Roy R. Finch of the Board of Missions of the Methodist Church will be the director of the crusade, and Jerome Blank has been appointed Albany crusade chairman.

Albany Methodist is Albany's first church, having been formed in 1907, with its present church building at 980 Stannage Avenue having been built in 1927. In 1964, the first church crusade was held for the purpose of building a new education and fellowship hall, which replaced the original Sunday school building. In addition, the first crusade paid for structural repairs to the sanctuary, and for a new heating plant.

The new crusade carries out Phase III of the Church's Master Plan, and contemplates an enlargement of the entry vestibule to the church to allow more room for the congregation. Other improvements will be a remodeled front to the church with a covered entry, a new bell tower, and a remodeled altar area in the sanctuary. Pledges for the construction of the new education building will also be renewed, as they originally were for a three year period.

Note of Thanks

I would like to thank all the volunteers who assisted with the March of Dimes Fashion Show last Wednesday night, especially the women who came out of the audience to help serve cake and coffee. Ivahdell Rolles did a wonderful job with refreshments. Dave Seely, Bill Chambers and Randy Jamison of Ajamo were very efficient in carrying out their duties.

Some of those donating prizes have not received proper credit, but we shall attempt a public thank-you as soon as possible.

The big prize was won by Barbara Johnson of El Cerrito.

Thanks to everyone who helped in any way with the show.

FRANK ELLSWORTH
Chairman

BURGLARY

Someone helped himself to the cash register at One-Hour Martinizing, 1475 Solano, last Wednesday afternoon while employees were in the back. The box was later recovered by California Highway Patrol, but it was minus cash. One check was reportedly still in the box. According to Albany Police, the original loss was \$150 for the box and \$80 contents.

The Albany Chamber of Commerce joined the Post Office Department in sponsoring the open house. Station Superintendent Robert Carlson headed the committee that arranged the program. Miss Maureen Haeslop added to the success of the afternoon by pouring coffee for the guests, the committee, and the staff.

Auto Safety High 12 Topic

Officer Dickson's topic will be "The Red Light Return" and his program is made up of a 15-minute safety talk and a 17-minute film of vehicle impact at different speeds.

This program fits in with the California State Highway Patrol automobile highway and by-way safety programs to alert the public to the hazards in relation to the automobile.

For Beautification

Council Votes to Request \$33,500 Federal Grant

Albany City Council voted Monday night to request a \$33,500 grant from the Department of Housing and Urban Development to be used for the city's beautification program.

In a report to Council, Administrative Officer James B. Turner outlined how the amount was determined. He said beautification of Solano Ave., will cost an estimated \$60,000; residential street lighting, \$4,000; upgrading existing parks, \$10,000; residential street tree program, \$5,000.

The total for the projects is \$79,000, but only \$75,000 would qualify under a beautification program. The application, he said, is on the basis of \$67,000 considerably above the city's "average" annual beautification expense of \$8,000. He suggested asking the federal government for \$33,500, which is to be matched by a like amount in city funds.

At the suggestion of Mayor Richard Clark, Council passed a resolution of general intention to reduce the city's tax rate if the new AB 80 formula using an across-the-board ratio of 25 per cent assessed valuation results in greater revenue than is needed to continue the present level of city government.

Councilman Lewis Howell said many taxing agencies will consider the increased revenue a windfall, but stressed it will be important to keep the tax rate in line with adjustments. He added he hopes other taxing agencies will do likewise.

Clark announced that the Planning and Zoning commission has asked City Attorney Larry Saler to clarify the legal ramifications in the event it is decided to freeze the waterfront area with possible zoning changes to commercial recreation.

Council accepted two of three recommendations of the Traffic and Safety commission concerning parking in the area of the post office. They sent back to the commission for further study a recommendation to eliminate the one parallel parking spot and to change from a green to a yellow zone in front of the building.

Howell suggested asking the postal department for a box which may be reached from an automobile.

Approved was the application for exemption on a business license by the March of Dimes. Council held over for one week a communication from Superintendent of Parks and Recreation E. J. Rooney regarding appointment of two gardeners.

The ordinance transferring assessment and tax collection to Alameda County was passed to print. Resolutions receiving unanimous approval concerned commending Edward J. Babros for 22 years of service to the city; two relating to application for the Urban Beautification grant and one authorizing execution of an electronics equipment maintenance contract with Contra Costa county.

Council referred to Saler the matter of Albany participating in mortgage investment using pension funds.

An application for an alcoholic beverage license at 1406 Solano was referred to the Chief of Police.

Council adjourned at 9:07 to go into executive personnel session.

Little League Sponsors Sought Now

Albany Little League has been working since the first of December preparing for league operations for the 1967 season. Sponsors seem to be the main topic as more are needed to accommodate the more than 350 Albany youths that are expected to sign up with the league in March.

Most of last year's sponsors have renewed for this year but unfortunately several have moved their location to other cities or have gone out of business. These sponsors must be replaced plus others are needed for extra teams. The league has no desire to turn any boy away because of lack of funds so it must make a plea for new sponsors.

The sponsor's duty to the league is to donate \$15 per boy or \$200 per team and in return his name of business will be placed on the back of a uniform and maximum publicity will be given. All donations are tax deductible.

If you are a local businessman and wish to sponsor one or more boys in the largest volunteer youth organization in the city, please send a card or letter to Albany Little League, P.O. Box 3, Albany, California or call Mrs. Robert Luoma, ways and means chairman, at 526-1311.

Deadline Tomorrow For Wannop-Babros Retirement Fete

The deadline to obtain tickets for the Feb. 7 retirement dinner at Spenger's honoring George Wannop and Ed Babros is tomorrow.

They must be obtained at \$5 per person from any department at City Hall. This covers tax, tip and gifts as well as dinner. A no-host hospitality hour will begin at 6:30 and dinner at 7:30.

Wannop is retiring after 30 years with the City of Albany and Babros retires Feb. 15 after 22 years of service.

PTAS SPONSOR FOUNDERS DAY TOMORROW NIGHT

Albany's five PTA units will sponsor a Founders' Day program at 7:30 p.m. tomorrow night at Cornell school.

During the program, which honors past presidents and former recipients of Honorary Life Memberships, the 1967 Honorary Life Memberships will be awarded to those who have given outstanding service to PTA or the community.

Entertainment will be provided by the high school dance band under the direction of Ernest Douglas.

Following the program, Honorary Life members will be guests of honor at a reception in the cafeteria.

several auto accidents and a broken window at Albany Veterinary hospital at 1485 Solano. George Bernard called Monday morning to report that from Jan. 20-30, Albany had nine and a half inches of rain with a total of 23 inches from July 1-Jan. 30. In 12 months last year, we had only 21 inches.

THERE'S much local speculation about who will be appointed to City Council. We've heard a dizzying list of names of candidates, some reported to be eager, others willing to be drafted. Council has been working well together for some time and we trust the four men will do what's right for Albany when it comes to filling the vacancy.

VEEA ALDERSON of the Motion Picture-TV council called to report they oversold the last Saturday matinee of "Sound of Music" at the Roxie Theatre so it will be repeated at 1:30 this Saturday afternoon. Tickets are \$1.50. They had space for 500 last week, sold 1,040 tickets.

WE HEAR the new Arts building at Albany High school was occupied over the weekend. The School Board was to have discussed dedication ceremonies for

At the Jan. 26 meeting of the Albany Democratic Club, President Tim Fine reported that the membership of the club has more than doubled over last year's and now totals 204 members. President Fine stated that during the past two weeks over 125 members have joined the club. Fine attributed much of this increase to the sharp reaction to actions recently taken by the Reagan administration.

The club president said that Albany residents are greatly disturbed by Reagan's proposal to cut the budget of our state colleges and universities by 10 per cent at a time when applications for admission are on the rise. Many Albany citizens feel, according to Fine, that such a budget slash will reduce the number of applicants that can be accepted at these institutions, thus de-

the two new structures at the special meeting last night.

THREE vacancies in our business district: Tokyo Arts and Holiday Magic are gone from Solano and Payless Paints from San Pablo.

privating many California students, including those at Albany High school, of the opportunity to attend California's fine state colleges and universities.

President Fine said that Reagan's justification for cutting the University's budget by \$86 million and the state colleges' budget by \$43 million as an economy move designed to save taxes is sheer hypocrisy in light of his appointment to the State Public Utilities Commission of two men whose backgrounds demonstrate that they will be favorably disposed to granting the telephone company's request for an \$170 million increase in phone rates.

At the meeting the membership passed a resolution condemning the firing of President Clark Kerr as utterly without good cause and damaging the great name of the University. The membership directed that a letter be written to Clark Kerr expressing great appreciation for his contribution to the University which resulted in it being proclaimed by the American Council on Education as "the best balanced distinguished university in the country."

Fire Plug

Now is the time of year when your heating system should have utmost attention. Most of the heating systems in use in Albany are the forced air type. This means that they have motors and rotating fans. These have bearings that need oil.

It is unbelievable the number of hours these motors turn on their shafts during cold and wet seasons such as we have now. These shafts if not attended to will sometimes become overheated and will tighten in the bearings—causing malfunctions.

Those people who have the gravity flow type heaters should check for extraneous material that may have fallen into them and which may become ignited causing fire.

A little attention to your heating system may save you hours of discomfort and probably your life.

COUNCIL

(Continued from Page 1)

to consider candidates to fill the vacancy caused by the Jan. 9 death of Councilman Joe Egenberger.

A member of the audience raised several questions regarding procedure. Clark said that under the charter the mayor may appoint the fifth councilman in 30 days if no agreement has been reached. He stated, however, that he does not plan to exercise that authority for at least 40 days to give fellow councilmen ample time to agree on a person.

It was also explained that the mayor has a full valid vote on all council matters and it is possible to go on conducting the business of the city with four councilmen. Three constitute a quorum.

HELP THROUGH

JEROME'S GUILD LUCK FEB. 7

Brensel of El Cerro, president of St. Jerome's Guild, announced Tuesday, Feb. 7, that the annual pre-Lenten dinner, to be held in the auditorium at 310 San Carlos, will be held on Feb. 7.

Running Out For World War II GI Loans

Growing short for veterans to use benefits, Glenn Corbett, of VA's Northern Regional Office, warned that the deadline for applying for a loan is Feb. 7, for those veterans who have served since Jan. 31, 1955.

The deadline for applying for a loan is Feb. 7, for those veterans who have served since Jan. 31, 1955. The Veterans Administration will be glad to extend the terminal date of a veteran's eligibility by use of a law established by law. The law adds 10 years to the veteran's discharge date if the veteran's discharge was active wartime service. This adds one additional year for each three months of service to reach a date that becomes the terminating deadline for that particular veteran's entitlement.

Corbett advised veterans of World War II planning on using their GI loan benefits not to wait until the last minute before applying for a loan.

The July 25, 1967, deadline does not apply to veterans of the Korean Conflict or veterans who have served since Jan. 31, 1955. Korean Conflict veterans with maximum entitlement will have until Jan. 31, 1975, to apply for a GI loan. Veterans who entered the service after the Korean Conflict have 10 years from the date of their discharge plus an extension for time served.

BEN THORSENS OBSERVE GOLDEN ANNIVERSARY

Mr. and Mrs. Bernard (Ben) Thorsen observed their Golden Wedding anniversary recently with a dinner party at the Hotel Claremont attended by 35 guests, many of whom attended their wedding on Christmas Eve, 1916.

They live on Fresno Ave. and have been Berkeley residents for 35 years.

Until about 25 years ago, Thorsen was a Thousand Oaks businessman, operating Ben's Oaks Key and Bicycle shop at 1783 Solano.

The couple has a daughter, Bernice Parker, who lives in Honolulu with her family, Ben, 14; Marty, 11, and Tisi, five. Her husband, Claude, is an officer in navy electronics.

Thorsen, a professional musician, wears a 40-year pin presented him by Local 6 of the San Francisco Musicians' Union. The Ben Thorsen dance orchestra, well known in this area for years, included 10 pieces. Thorsen played both trombone and tuba. He also taught music, instructing in saxophone, cornet, trombone and tuba.

He still plays in Hal Eurgart's 40-piece band.

Mrs. Thorsen was a beauty operator in San Francisco. Later the couple spent their summers operating concessions near Monte Rio on the Russian River, where they have a summer home.

For the anniversary dinner, Mrs. Thorsen wore a floor-length brocade sheath dress with jacket of deep rose with a gold thread.

The wedding cake was trimmed with gold leaves and topped with golden wedding bells.

Murrow-Kriel Nuptials

Mr. and Mrs. Hermanus Kriel

—Bob Lynds Photo.

Nancy Linton Murrow wore an Empire gown of candlelight crepe styled with a chapel train at her wedding to Hermanus Theodorius Kriel. The bride's fingertip veil was capped by a Dior rose centered in lace petals.

Nancy carried a cascade bouquet of white roses intermingled with pale pink roses.

The daughter of Mr. and Mrs. Jack L. Murrow of Talbot Ave., Albany, she was escorted to the altar of Northbrae Community Church by her father.

Preceding them to the altar were Mrs. Jon Benson of Walnut Creek, matron of honor, and a quartette of bridesmaids including the Mmes. Dale Dalmas of Pacific Grove, Richard Stearns of El Cerrito, Mary Caldwell of Richmond, and Cheri McGavin of Salt Lake City.

They were gownned alike in pale pink crepe sheaths made with ruby red velvet Empire bodices. Matching pink carnations and baby garnet roses were tied with garnet satin ribbon to form their nosegay bouquets.

Theo, as the bridegroom is known, is the son of Mrs. Zady Kriel of Ramona Ave., El Cerrito, and the late Dr. H. T. Kriel.

The benedict had asked his brother, Hans Kriel, to serve as best man but as Hans had to report for Navy duty the week before the wedding, Jon Benson of Walnut Creek stood with his friend as best man. Samuel Hedgepeth, Dale Dalmas, Victor da la Cruz and Nancy's brother, James Murrow, were ushers.

Following the 2 p.m. wedding service conducted by the Rev. F. Marion Smith, the couple received their guests at the church.

The mother of the bride wore a deep pink ensemble and a corsage of pale pink roses to match the chiffon bodice of her dress.

Mrs. Kriel chose a green wool challis dress with beaded neckline. White roses composed her corsage.

The newlyweds divided their honeymoon stay between Carmel and Cazadero. They are now at home on Liberty Street in El Cerrito.

Both are 1964 Albany High school graduates. Nancy completed her education at Willis Business College in Oakland prior to taking a position as secretary to the director of patents and trademarks at Cutler Laboratories.

ABC Chapter to Continue Card Parties, Bazaar

With Mrs. Charles Himbert presiding, ABC Chapter of the Children's Home Society of California held their January meeting at the home of Mrs. Joseph Alington in Albany.

The chapter decided to continue their very successful series of spring card parties and bazaar, holding it at the Hall of the Northbrae Community Church on The Alameda in Berkeley on Thursday, April 20.

Mrs. Charles Webster, ways and means chairman for the chapter, has asked Miss Maria Stahl to take charge of the affair.

ABC chapter also is participating, with Mrs. Herbert Haberkorn and Miss Stahl representing the chapter in the Art Exhibit sponsored by the East Bay Council of the Children's Home Society.

The exhibit will be of paintings by inmates of San Quentin and donated by them to the society. The paintings will be on view at an invitational preview, Saturday evening, May 6, and Sunday, May 7, at the Home, 3200 Telegraph Avenue, Oakland.

The proceeds of these affairs are devoted to carrying on the work of the Children's Home Society in placing children in

adoptive homes where they may realize their fullest potential. There are no restrictions of race or creed. The happiness and welfare of the child himself is the consideration.

The Children's Home Society is also a member of the United Crusade.

Skytown Nursery Potluck Feb. 7

Skytown Nursery School will have a potluck dinner for parents in place of its regular February meeting. The dinner will be held at the First Unitarian Church of Berkeley Tuesday, Feb. 7, at 7 p.m.

The after-dinner entertainment will be provided by Professor William L. Prosser, presently Professor of Torts at Hastings Law School, former Dean of Boalt Hall, and the country's leading expert on torts. His hobby, however, is that of a raconteur and he has been enthusiastically received at various professional and social functions both locally and out-of-state.

United Crusade Announces Distribution of Funds

The United Bay Area Crusade has announced the distribution of \$14,014,890 contributed in its 1966 campaign. Forty-seven Alameda County agencies, along with 129 other Crusade member agencies, will be receiving allocations for their 1967 health and welfare services.

An increase of some \$150,000 over last year is available to Alameda County agencies for the betterment of service facilities. In addition, three agencies have become new members and recipients of UBAC funds in Alameda County: the Allied Fellowship Service, Mental Health Association, and the Volunteer Bureau.

This year, for the first time, all United Crusade agencies were centrally budgeted, rather than receiving their allocations from five separate county united funds, as was done prior to the UBAC merger in January, 1966.

Fifteen budget panels, made up of citizen volunteers, devoted an estimated 10,000 man hours to the distribution of the campaign contributions. "The initial recommendations of our 15 panels totaled \$11,739,307," said Donald W. Beggs, Western Architectural Program Manager for Weyerhaeuser Company, and chairman of the UBAC general budget committee. "It was very difficult for the committee, which includes the chairmen and vice chairmen of each panel, to cut these recommendations down to the available \$11,641,376, because of the deep conviction of panel representatives that these were essential needs for the agencies."

"Nonetheless," Beggs concluded, "we feel that centralized budgeting is a forward step and has enabled us to correct certain inequities which resulted under the old system of separate allocations by the five county budget committees."

Alameda County agencies receiving UBAC allocations include Allied Fellowship Service, American National Red Cross Bay Area Council, Association for Retarded Children of Washington Township, Bay Area Social Planning Council, Bay Area Urban League, B'nai B'rith Hillel Foundation, Alameda Boys' Club, Oakland Boys' Club, San Leandro-San Lorenzo Boys' Club, Boy Scouts of America, Alameda Council, Piedmont Council, Stephens Center, Camp Fire Girls, Alameda, Oakland Area.

Codornices Council, Piedmont Council, Catholic Social Service, Children's Hospital Medical Center of Northern California, East Bay Activity Center, East Bay Association for Retarded Children, Alameda Family Service Agency, Family Service Agency of Central Alameda County, Family Service Bureau of the East Bay, Family Service of Berkeley, Fred Finch Children's Home, Girl Scouts, Alameda Council, Girl Scouts, San Francisco Bay Council, Goodwill Industries of Oakland, Herrick Hospital Clinics and Department of Rehabilitation, International Institute of the East Bay, Intertribal Friendship House, Jewish Community Center, Jewish Family Service, Jewish Welfare Federation of Alameda and Contra Costa Counties, Legal Aid Society of Alameda County, Lincoln Child Center.

Letters

Editor, the Times:

The members of East Bay branch No. 2 wish to express our appreciation for the gratifying news coverage you have given our meetings during 1966. Many members appear to rely on your publication more than on our Bulletin! SIR J. J. (Jack) Barry will continue as Press Relations Chairman during 1967.

We are frequently surprised by the wide public interest in Sons In Retirement. The founding purpose, to renew old friendships and make new friends, really fills a great need for retired men. Cut off from their

business associations, they prosper in the fellowship and activities of the organization. Family and friends follow your news stories closely.

Altho Sons In Retirement is non-political, non-sectarian—non-activist—it has a positive impact on the community. Our programs feature outstanding speakers on timely topics. The members, by keeping abreast of current subjects, comprise a well informed forum in their ever widening circles of friends.

We thank you for your valued support.

Sincerely,
SAMUEL R. DOWS
Big Sir

Editor, the Times:

Since one person at least read the letter about the longest and costliest Christmas tree stand in the world, that's good news.

To date, no community has challenged that assertion, as far as is known. So the people of Albany can be thankful that the concrete and steel centipede served one useful purpose during the past year.

In addition to being called a Christmas tree stand and a centipede, this too costly venture has been referred to as a Berlin wall and a Chinese wall. These descriptions are mild when compared with the remarks by some people when they received their upped tax bills, so they would not be printable in a respectable

paper as is the Albany Times.

Albany voters were overwhelmingly opposed to the Bay Area bond issue, which would not have passed if the usual two-thirds requirement had not been stepped down to 60 per cent.

As you look upward a few years hence in Albany's homes—removed mid-section, we hope you won't be hearing thunder or hedge-hopping planes. If the project is ever completed, you will be hearing noisy riders in the sky as the trains roll past. Noise increases with an increase in speed. So you will be hearing the noise at its top level since there is no local station for which slowed down speed would be needed with consequent reduction in noise level.

Then many people will wish that the system had been placed underground, down by the water-front or wherever such trains should go.

There are thousands of people who would not ride the trains, even if they were paid to do so, according to surveys.

When the end of the year nears again, we hope there will be another beautiful Christmas tree on that long and costly otherwise unused stand or on the Key Route strip, as previously.

Such a tree seemed dignified when contrasted with the smaller frustrated ones tied on poles with hand-me-down decorations as companions. Don't you remember?

I do remember how much I like

Christmas trees for 1 walk many miles in below ing weather in sometimes deep snow to select and with the fragrant and lingering trees.

Sometimes we walked on cushioned ground, but I heard that some kind of grows on some people's now. Times do change.

We felt that we were leged, not underprivileged, ing able to have this year's Christmas for no court to declare them unconstitutional.

In a different way, I is a privilege to sign a this fine weekly.

No Polio in County Fifth Straight Year-Malcolm

No cases of poliomyelitis, small-
 pox, diphtheria or typhoid fever
 and a significant drop in whoop-
 ing cough cases were reported
 to the Alameda County Health
 Department in 1966, Dr. James C.
 Malcolm, County Health Officer,
 observed in reporting a year-end
 summary of certain communi-
 cable diseases.

It was the fifth straight year
 that no cases of polio were re-
 ported in Alameda County.
 In 1966, the Department record-

ed 23 cases of pertussis (whoop-
 ing cough) compared to 34 cases
 the previous year and 102 cases
 in 1960.

A large part of the credit for
 this good record was attributed
 by the Health Officer to immu-
 nizations which have been contin-
 uously promoted during the past
 several years. However, the
 Health Officer cautioned people
 not to be lulled into a false sense
 of security by this good record
 and urged individuals to be alert
 to their responsibility for keep-
 ing up immunizations to protect
 themselves and others.

The number of measles cases
 (285 this year) increased over the
 194 reported in 1965, but is still
 less than any prior year when
 the incidence varied from 1,000
 to 4,000. Measles vaccine, which
 became available in 1963, is cred-
 ited for the remarkable drop in
 the disease in the past two years.

Dr. Malcolm noted that a re-
 cent survey showed approximately
 40 per cent of the pre-school
 children had had measles vacci-
 nation. An additional 38 per cent
 of kindergarten children had
 measles before they entered
 school. An estimated 30,000 pre-
 school children are still suscep-
 tible to measles and need the vac-
 cine.

"If all parents will insure that
 their children obtain this protec-
 tion (measles vaccine) from their
 private physicians or usual
 source of medical care, measles
 can be wiped out in a year," Dr.
 Malcolm said.

Records in the Health Depart-
 ment indicate that in their first
 year of life over 9,000 (more than
 half) the newborn infants living
 in the jurisdiction had been start-
 ed on their basic series of immu-
 nizations, polio, smallpox, mea-
 sles, whooping cough, tetanus
 and diphtheria.

The influenza epidemic reached
 its peak in February. Nearly one
 third of the school children were
 absent at this time. The deaths
 from influenza and pneumonia—
 251 this year compared to 81 in
 1965—is the highest number of
 deaths from this cause in the
 past 10 years. Most of these
 deaths were people over 65 years
 of age. The Health Department
 continues to recommend that per-
 sons over 65 have annual influ-
 enza immunizations whether or
 not an epidemic is forecast.

 cently completed basic training

 ing Command which conducts

 space force. Airman Reed, a
